  Percentage - 68%

Bachelor of Mechanical Engineering   06/2014 – 06/2018
Sandip Institute of Technology And Research Centere   Nasik
  Percentage - 65.73%

HSC   2014
JR.College,New English School Bhadgaon   Bhadgaon
  Percentage - 76.15%

SSC   2012
Sau. S.G. Patil.   Bhadgaon
  Percentage - 79.45%

Projects

Title:- Gym Management System   **Duration - 1 Month**

  Platform:- SpringBoot,ReactJs,MySql

  Description:- Gym management system is User-friendly web-based application which manages all the information about Fitnesscenter, Gym Trainer, Health and Diet. The application will also help to manage and track the user data and statistics.The project is built at administrative end thus the administrator is guaranteed the access to add,remove and update members,trainers, workout plans and diet plans. It also keeps a record of inventory and manages user feedback.Theuser can access his/her static information

Title:- Design of Material Handling System For Kit Packing Machine   **Duration - 6 Months**

  Platform:- CAD,Ansys,Creo

  Description :- In this project we designed and developed the mechanism of belt conveyor system. In that we design a mechanism such that using reciprocating motion of pneumatic cylinder the conveyor is move continuously in forward direction only. Without stepper motor we successively achieved the stepped motion of conveyor.

Professional Experience

Maintenance Engineer   06/2018 – 02/2022
Dream Construction Company   Ahmednagar

Responsibilities :-
- Proactively identifying area so breakdowns and taking steps for trouble shooting through application of tools /Methods
- Interacting with field service engineers and guiding customer's technical support.
