Shiva Soni
SOFTWARE DEVELOPER

TECHNICAL SKILLS

- HTML
- CSS
- JavaScript
- Typescript
- React Js
- Redux Toolkit
- Antd , tailwind
- MUI
- C / C++
- Data Structure
- MySql
- OOPs
- Git

SKILLS

- Problem Solving
- Time Management
- Adaptability
- Decision Making

ACHIEVEMENTS

- 5 star in HackerRank
- **300**+ Problem Solved at various Coding platform

CERTIFICATION

DSA certification
http://tinyurl.com/bde7fbdv

CODING PROFILE

coding ninjas
http://tinyurl.com/shivacodestudio
Leetcode
https://leetcode.com/shivasoni8528

LANGUAGES

- Hindi   *(Native or Bilingual Proficiency)*
- English *(Professional Working Proficiency)*

EXPERIENCE

Frontend Developer (React js)
Unicode Systems (02/2023- current)

Ecare(Hospital Management Systems)

- This is significant project initiated by the Malaysian government to improve healthcare services for its citizens. This initiative is soon to roll out across all government and semi-government hospitals nationwide
- Responsible for designing and developing frontend interfaces for various modules, including doctor, nurse, OT, HR, IPD, OPD, housekeeping, ambulance, and ward administration.
- Ensuring the frontend delivers an intuitive and visually appealing user experience while prioritizing security, optimization, and scalability.
- Leveraging expertise in JavaScript, React.js, and Redux Toolkit to pioneer innovative solutions that will revolutionize healthcare administration on a national scale.
- Utilizing mastery in JavaScript, React.js, and Redux Toolkit to pioneer groundbreaking solutions, poised to revolutionize healthcare administration nationwide.

RTMS(Resource Management Systems)

- I played a pivotal role in designing the front end of a Resource Management System using React.js. This system is dedicated to managing employees and includes features like organizing tasks, keeping track of attendance, handling salaries, managing the hiring process, and conducting candidate examinations. Our goal was to create a user-friendly interface that simplifies these processes and improves overall efficiency.

Full Stack developer Intern
(Digicoders Technologies Pvt. Ltd. (03/2022 - 02/2023)

Smart Classroom

- Developed a Smart Classroom system featuring three login panels: Admin, Faculty, and Student. Admin capabilities include registering students/faculty, and creating login credentials. Each panel includes a dashboard for streamlined navigation. Faculty hosts classes, while students access them post-login. Admin has comprehensive access to faculty and student information. Utilized React.js, Express.js, and MongoDB technologies for seamless functionality.

EDUCATION

B.Tech in CSE   **2020-2023**
Axis Institute of technology and Management ,Kanpur
